Mr. Geo. Stevens,
26 Bent Street,
GREENWICH, N.S.W. 2065.

Dear George,

I thank you for your letter of October 20 and enclose a copy of my letter of even date to Wighton & McDonald.

Mrs. Bryant has now selected those effects she is desirous of keeping and has given her approval for you to have the organ as did Ian on the day of the service on behalf of he and his mother.

Mrs. Bryant has asked that I contact all parties concerned relative to the disposal of the gold watch and I would be pleased to have your and Ian's instructions.

In this I realize that you have not successfully as yet contacted Mr. Richard Stevens but consider that in this matter majority will rule, i.e. the desire of yourself, Ian, Nancy, Loveday and Betty. I do not particularly wish to seek a legal ruling.

Mrs. Bryant passed to me certain photographs and documents of historical interest. These will be going forward to you on Monday next and I attach the cons. note (No. 2928) covering the parcel of similar material forwarded to you on the 20th.

I appreciate your comments George, concerning my desire to personally cover certain related costs - such desire was expressed at the time when I did not know any details of the extent of the Estate.

Yours sincerely,

G. A. WILSON

Dear Jim,

Re : Estate Mrs. R. M. Wilson, dec'd.

Following my letter of October 15th I enclose :-

- (a) Pass Book on State Bank, Ocean Grove - Account No. 308 - showing present balance of \$5,791-41.

You will note that I made a deposit to this account of \$725-04 on October 21 which amount was discovered by Mrs. Betty Bryant whilst sorting out the effects of the deceased.

- (b) Original Certificate relative to forestry bonds which I assume refers to the \$120 Stock, a dividend for which was passed to you at our original meeting.

I also wish to place on record :-

1. Mrs. Bryant has in her possession Grandfather Stevens' gold watch. This item is possibly not covered in the wording of the will (- - jewellery, clothing - - - adornment) and although Mrs. Bryant has expressed a desire to retain possession of it she has asked that I contact the other interested parties to obtain an indication of their desires.
2. I am arranging to have the organ delivered to Mr. Geo. Stevens in Sydney and certain other furniture to Mrs. B. Bryant in Melbourne with transport costs to the accounts of the consignees following which action the residual furniture, clothing and effects will be collected by the Uniting Church for distribution to people in need or sold for the benefit of Church Funds.

I am hopeful that the timing of these moves will be such as to enable you to place the property to auction prior to the Christmas recess.

Yours faithfully,

G. A. WILSON
